

Make the invisible interesting.

Original 3D stories that reveal how a home really works.

ONE LAYER AT A TIME.

We make hidden systems visible: water wells, heating, plumbing and the engineering behind everyday life.

For brands, that means showing what a product does, why it matters and how it fits into a real home.

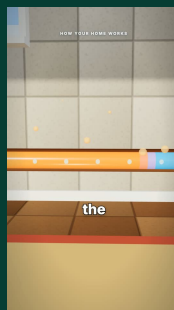

SELECTED ORIGINAL STORIES

A hole becomes a well.

From underground to your tap.

[Watch the episode](#)

One pipe. A warmer home.

Follow the heat through a home.

[Watch the episode](#)

English-language stories. 1–2 minute 3D videos.
Publishing for Instagram, TikTok, YouTube Shorts and Facebook.
Current audience and performance insights available on request.

Formats & starting rates

EUR • Production-led pricing • Final scope confirmed before booking

01 SPONSORED EPISODE

from €650

One original 1-2 minute vertical episode, an English script and voiceover, captions, one revision round and publishing across Instagram, TikTok, YouTube Shorts and Facebook. Brand reposting on owned organic channels included.

02 CUSTOM 3D EXPLAINER

from €950

One original 1-2 minute vertical product video with script, English voiceover, captions and two revision rounds. Final 1080 × 1920 MP4 for your website and owned organic channels. Channel posting not included.

03 THREE-VIDEO SERIES

from €2,400

Three connected 1-2 minute vertical explainers using a shared visual world. Script, English voiceover, captions and two revision rounds per video. Website and owned organic channel use included. Channel posting not included.

PAID MEDIA & EXTRA SCOPE

Paid-ad usage: from €300 per video for 90 days on the brand's own ad accounts. Extra versions, complex modeling, exclusivity, creator-account ads and editable project files are quoted separately.

Rates are starting quotes, not an automatic booking. Applicable taxes, delivery dates and final usage terms are confirmed in the proposal. Revisions cover the approved brief; a new concept is a new scope. No guaranteed views or sales.
